Ultimate Privacy™
Collection

ASi *Global Partitions*

THE LARGEST SELECTION OF
ULTIMATE
PRIVACY™
OPTIONS IN THE INDUSTRY.

ASI offers the most comprehensive collection of Ultimate Privacy™ toilet partitions in the industry. Ultimate Privacy™ Phenolic and Alpaco partitions feature self closing overlapping doors to remove sightlines into the stall. Ultimate Privacy™ Powder Coated and Stainless Steel partitions feature our No-Sight System—a continuous strike keeper and continuous hinge side filler that eliminates sightlines into the stall. A variety of patterns and colors allows for design flexibility to complement any washroom.

Phenolic - Ultimate Privacy ™

Phenolic partitions are strong, durable, and feature doors and panels up to 72" high. Self-closing rebated doors overlap to remove any sightlines into the stall to ensure privacy.

Powder Coated - Ultimate Privacy ™

These powder coated steel partitions provide both quality and economy. Features doors and panels up to 72" high, with No-Sight System.

Stainless Steel - Ultimate Privacy ™

Stainless steel partitions offer a modern look that stays fresh over time along with their engineered durability. Features doors and panels up to 72" high, with No-Sight System.

Alpaco Classic

Alpaco Classic partitions combine simplicity and functionality. Design features include dramatic lines, bold hardware, and adjustable pedestals to level any inconsistencies in the floor.

Alpaco Elegance

Alpaco Elegance partitions are both strong and graceful with sophisticated details. They are available in a wide range of colors and finishes.

Construction Features

ADA Compliance for Extra Height Stalls: *For stalls to be ADA compliant they must be configured differently allowing for toe clearance under the panels and doors. This can be achieved by adding depth and width to the stall, or by mounting doors and panels at least 9" off the finished floor."*

*Please follow all ADA guidelines, making sure to also consider any local requirements.*

NO-SIGHT SYSTEM

Continuous stop and hinge side filler eliminate sightlines into the compartment.

Available with:

- Phenolic
- Solid Plastic (HDPE)
- Stainless Steel
- Powder Coated
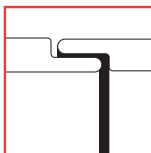

OCCUPANCY INDICATOR

Occupancy latch with an emergency access capability indicates when stall is occupied.

**Available with:**

- Phenolic
- Alpaco Classic
- Alpaco Elegance

FLUSH FINISH SELF-CLOSING DOORS

All of our self-closing doors and pilasters meet in a flush finish with routed, overlapping closures for guaranteed privacy.

Available with:

- Phenolic
- Alpaco Classic
- Alpaco Elegance
